PORTFOLIO

Summary

Final-year Computer Science student skilled in full-stack development, embedded systems, and cybersecurity. Experienced in building real-world tech projects including smart automation, ethical hacking tools, and dynamic portfolios. Seeking roles in development or cybersecurity.

Technical Skills

Languages:

C, C++, Python,
JavaScript

Web:

React, HTML,
CSS, Tailwind

Tools:

Git, Arduino, Kali
Linux, VMware

Cybersecurity:

Ethical Hacking,
Network Sniffing

Others:

Blender,
Embedded C, IoT,
PCB Design

Projects

Smart Clothesline System – Arduino, C

Automated clothesline using rain sensor & geared motor to protect clothes from rain.

Developer Portfolio Website – React, Tailwind, Framer Motion

Built an animated portfolio with dark mode, resume download, and project modals.

Hacking Toolkit on Raspberry Pi – Kali Linux, Python

Created a portable hacking suite for Wi-Fi cracking, packet sniffing, and brute-force testing.

Education

B.E. – Computer Science

Dhanalakshmi Srinivasan College of Engineering, Anna University

May 2026 (Expected) | CGPA: 7 / 10

Certifications

- Ethical Hacking – Udemy
- Arduino Embedded Systems – NPTEL
- VFX with Blender – Coursera
- Web Dev Bootcamp – FreeCodeCamp

Achievements

- Finalist – IoT Hackathon
- Organizer – Tech Symposium
- Volunteer – Cyber Awareness Drive

Languages & Interests

Languages: English, Tamil, Hindi, Malayalam

Interests: Hacking, DIY Tech, VFX Editing, UI Design
